Dear Future Steps for Autism Partner,

Steps for Autism is coming up on September 23 and we are looking for sponsors like you!

Being a partner of Autism Pensacola by sponsoring the 2023 Steps for Autism comes with many benefits, ranging from widely-publicized brand awareness to social media exposure to publicity and marketing in the community. The most important incentive for becoming a Steps for Autism partner, though, is that it aligns you and your organization with the mission of Autism Pensacola which strives to offer resources, programs, and services to children and families affected by autism in the Gulf Coast area. In fact, 100% of funds raised by Autism Pensacola stays right here in our own backyard.

With your support, we can continue to serve the autism community through programs and services, like Project Lifesaver, a partnership with Escambia Search and Rescue that exists to find missing or lost children with autism; caregiver support groups; and child respite care opportunities for parents and families. For adults and individuals, we host educational cooking classes for life skills training and fun game nights that promote social interactions.

Since 2003 for five weeks every summer, we offer Kids for Camp, the only summer program for children with autism. This unique summer learning lab brings together special education instructors, students pursuing mental health specialties, and teen volunteers who collectively provide a summer camp program for children affected by autism between the ages of two and 25. Over the last two decades, Camp has touched the lives of literally hundreds of children.

Also during the summer, you'll find us in Downtown Pensacola holding our 3-day free community event, Sensory Street, an interactive, immersive glimpse into the world of autism where activities center around various behaviors associated with autism.

During the holidays, families submit their applications for our Holiday Assistance Gift Card program that provides financial assistance to help make the holidays more special for children with autism.

And throughout the rest of the year, we have several events and outreach opportunities for families, children, and the surrounding community, such as family picnics, Trunk or Treat, Polar Express, and more.

When you become a sponsor of Steps for Autism, you'll be helping us accomplish everything we do for everyone we serve. It takes all of us to make sure children and families affected by autism never have to be alone in their journey toward the brightest futures possible.

Please reach out to me personally if you have any questions or would like to discuss any of our programs and services.

Best,

A handwritten signature in blue ink that reads "Mary Donovan McClellan".
